# “GOALS & GOALS”

I am an energetic and creative guy and **I always showed passion for the job**, even during the worst moments.

In these years, **I have realized several different projects: Storyboards** for advertising and video animation; **graphics** for **web site, logotype**, typography materials like **brochures** and **posters**; **illustration** for tattoo, books, Pictures and prints. Furthermore, I worked as **Visualizer** for some **Milan’s Agencies**.

In the past, **I volunteered with kids in the church community for more than 8 years** and since 2010, I am a **basketball coach** with junior and senior teams.

Now, **I wish to put my knowledge into practice**. I would like to develop all my different technical and human skills. **I am looking for a workplace that can give me a chance stand out**, teach me new methods of production and **help me to understand this competitive field**.

# WORKS & EDUCATION

2014

"Identity" (CH).  
Web Designer;

2013 / 2014

"Omega Software" (MI).  
Graphic Designer;

2010 / 2013

Free Lance Visualizer and Graphic Designer;
